Master Colors®, LLC, manufacturer of the award winning plug-in for Adobe Photoshop®, the HVC Color Composer™, has just announced the introduction of **“Nirvana- 6 Color Lessons to Enlightenment”** a free, online, downloadable color seminar. This unprecedented, online color seminar is presented in 6 individual step by step lessons. These lessons are ideal for those seeking to master the rigors of modern color composition. Intended for Design Professionals, Digital artists, Photographers and Amateurs alike, **Nirvana** provides the tools necessary to gain control over every aspect of color in your composition. In addition, to the 6 color lessons, seekers of spectral ascension can also download Master Colors free demo version of The HVC Color Composer Pro software and practice templates.

To experience Nirvana and ascend to Mastery of the Color Universe go to:
